

IJNRP COPYRIGHT

Articles with original material are accepted for consideration with the understanding that, except for abstracts, no part of the data has been published, or will be submitted for publication elsewhere, before appearing in this journal. Authors are required to assign copyright to IJNRP when their article is accepted for publication.

Assignment of copyright protects the interests of both author and publisher.

Copyright in all material submitted for publication in the journal has to vest in IJNRP. Although publication elsewhere is prohibited by such assignment of copyright, the material may be used by the author(s):

- for academic purposes (such as lecturing);
- for teaching purposes;
- for professional advice to clients; and
- as part of non-commercial instructional publications.

Authors are required to warrant that the submitted material does not (or will not), to the best of their knowledge, infringe any copyright or other proprietary right or interest, or contain any statement which is false or in any other way unlawful. Permission must be gained to reproduce any figure, table or extensive extract from any source that is owned or copyrighted by anyone other than the author or IJNRP.

I/we certify that I/we have participated sufficiently in the intellectual content, conception and design of this work or the analysis and interpretation of the data (when applicable), as well as the writing of the manuscript, to take public responsibility for it and have agreed to have my/our name listed as a contributor. Neither this manuscript nor one with substantially similar content under my/our authorship has been published or is being considered for publication elsewhere, except as described in the covering letter. I/we certify that all the data collected during the study is presented in this manuscript and no data from the study has been or will be published separately. I/we attest that, if requested by the editors, I/we will provide the data/information or will cooperate fully in obtaining and providing the data/information on which the manuscript is based, for examination by the editors or their assignees. Sources of outside support of the project are named in acknowledgement.

I/We hereby transfer(s), assign(s), or otherwise convey(s) all copyright ownership, including any and all rights incidental thereto, exclusively to the **International Journal of Nursing Research and Practice**, in the event that such work is published by the IJNRP. All persons who have made substantial contributions to the work reported in the manuscript, but who are not contributors, are named in the Acknowledgment and have given me/us their written permission to be named. If I/we do not include an Acknowledgment that means I/we have not received substantial contributions from non-contributors and no contributor has been omitted.
